

Specifications	
Insulation	Polyethylene to ICE S-61-402 and ASTM D-1248.
Insulation Colour	Yellow
Insulation thickness	0.41mm (16 mils)
Shield	A 2 mil aluminium backed polyester shielding with a 1.37mm <sup>2</sup> (#16 AWG) solid, tinned copper drain wire in contact with the aluminium
Sheath	Black heat stabilized, high density Polyethylene, sunlight and moisture resistant, conforming to ICEA S-61-402, NEMA WC-5 and ASTM D-1248.
Sheath Thickness	1.14mm (45 mils)
Sheath OD	7.6mm (0.3")
Conductors	Stranded soft annealed tin coated copper conforming to ASTM-B-3 and B-8.
Conductor Size	1.37mm <sup>2</sup> (#16 AWG)
No. of Conductors	Two
