

MyRIDE[®]

SUSPENSION SYSTEM

Available on select Z MASTER models, the MyRIDE[®] suspension system provides the comfort needed to ride with confidence from early until late. The suspended, rear-shock-adjustable operator platform isolates bumps and vibrations so you barely feel the ground below.

WE MAKE COMFORT WORK HARD FOR YOU

PERSONALIZED RIDE SETTINGS

The operator can easily and quickly adjust rear shock ride settings to account for their personal ride preferences without the use of tools.

MAXIMUM COMFORT

The suspended operator platform allows up to 3.6" of travel (depending on model) and reduces impacts, bumps and vibrations that reach the operator, resulting in a superior ride.
