COMMERCIAL EQUIPMENT & IRRIGATION

COMMERCIAL EQUIPMENT

FROM START TO FINISH

From hardscape to landscape to mowing, our portfolio has you covered with a full range of solutions for the jobs you need to do. No matter what the Toro product, our entire line is designed with input from grounds professionals — and our work is never finished. Our agronomists and engineers continually work on new solutions to increase productivity, conserve water, reduce fuel consumption and improve growing conditions.

The result is a line of products that offers ease of use for operators at every skill level, durability to handle tough conditions, and reliability to minimise downtime and keep your operators productive. Plus, it's all backed by service and support from local Toro distributors who are dedicated to helping customers succeed.

Ease of Use. Durability. Reliability.

TORO COMMERCIAL RIDING PRODUCTS

DELIVER LEADING QUALITY AND PERFORMANCE

Find the perfect commercial lawn mowers for your race course with the high performing, durable options from Toro. Whether you need large or small, walk-behind, stand-on, or zero-turn mowers, you'll always get dependable, long-lasting quality in our lineup.

ROTARY MOWERS

Toro commercial zero turn lawn mowers are lightning-fast ranging from 48 inch to 96-inch deck options in petrol or diesel engines. Looking for a workhorse mower that's easy to operate and gets the job done faster? Check out the **Z Master® 7500-D**. Maximum productivity with a 60", 72" or 96" commercial cutting deck. It delivers all the speed and manoeuvrability of a zero-turn, along with the superior quality of cut you expect from Toro.

Groundsmaster® wide-area mowers help you do more with less, covering larger areas effortlessly. But don't let the rugged appearance fool you. These mowers are surprisingly nimble and offer the ability to mow a zero uncut circle for maximum productivity. With cutting widths up to 488cm, you can mow over 8 hectares/hr.

Groundsmaster® 4700-D

Groundsmaster® 4000

PROFESSIONAL WALK-BEHIND AND STAND-ON EQUIPMENT

Toro stand-on professional lawn mowers help you save time and space with multi-season flexibility and a foldable operator platform that instantly converts to a walk-behind.

Trimming in smaller spaces or around trees and obstacles takes time, especially in rough conditions. Toro's walk-behind and stand-on mowers give you the heavy-duty, professional-grade performance to do the job quickly and efficiently.

TurfMaster™ HDX

Stand-on Spreader Sprayer

GrandStand® MULTI FORCE®

TOOLS FOR EVERY TASK

Toro® has all the reliable, efficient solutions you need for a full range of grounds maintenance tasks.

VEHICLES

Versatility is the key with Toro's range of vehicles designed for turf maintenance. The highly configurable GTX range can be a 6 seater transport, a fully kitted maintenance vehicle or a general run-about. The 750kg capacity of the MDX is class leading and the HDX series is capable of hauling, towing or running attachments, such as a sprayer.

With over 300 configuration options, the **Workman® GTX** is a grounds and turf crossover vehicle that offers increased power, improved steering and exclusive suspension and braking systems. With multiple seating, bed, and attachment options, it's the most versatile, practical, and comfortable utility vehicle in its class. Available in petrol or electric.

The **Outcross® 9060** is an invaluable tool in the long-standing battle Grounds Managers face to "do more with less." This machine is a time-saving, easy-to-use, multi-purpose, turf-friendly workhorse that brings year-round flexibility, consistency and productivity to turf maintenance operations. Get ready to do more.

Multi Pro® 5800 Sprayer

SPRAYERS

The **Multi Pro®** range combines advanced sprayer technology and innovation with optimised performance accuracy, aggressive agitation and faster response times to consistently and accurately apply desired spray rates. The industry first 6-Diaphragm pump produces the highest spray rates while simultaneously supplying aggressive agitation flow. Highly productive work attachments and accessories save time and money by simplifying the mixing and spraying processes and saving on labour and chemical costs.

TURF APPLICATION AND DEBRIS EQUIPMENT

Topdressing and material application are an integral part of any maintenance program. Toro® has the heavy-duty equipment you need for precise control and accurate application every time, from light topdressing to ultra-heavy material handling. And when you need to clear leaves, grass clippings or other organic debris, we also have solutions to help crews clean large areas faster than traditional methods —saving time and labour costs.

ProCore® 1298

INNOVATION FOR THE RACING INDUSTRY

Professional greenkeepers and curators around the world rely on Toro irrigation to maintain the most challenging turf field environments. Toro technology goes the extra mile when it comes to keeping turf in excellent condition, race after race, year in, year out.

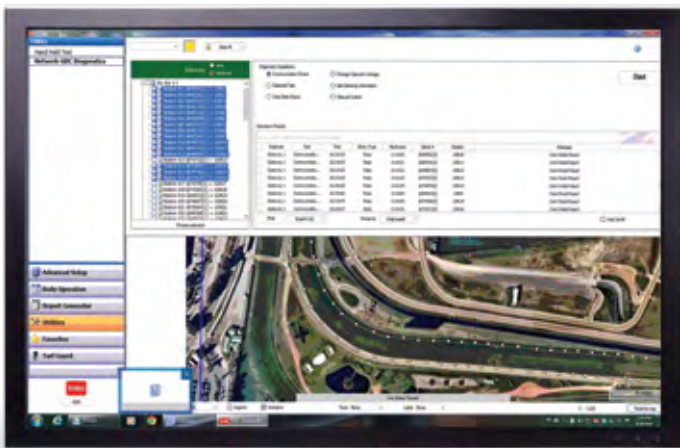

Driven by excellence and innovation Toro aims to support the racing industry from the ground up with leading edge solutions for turf management. Supported by leading race courses worldwide, Toro is changing the way the industry manages its turf in more ways than one.

LYNX® CENTRAL CONTROL SYSTEM

BETTER INFORMATION FOR BETTER DECISIONS

Lynx empowers you to take quick, accurate action to effectively control and manage your course irrigation, surface condition and aesthetics.

Designed, built and supported by Toro – the Toro Lynx system is designed to meet the challenges and changing priorities turf managers face daily. This power control system conveniently combines all essential irrigation information into a single, intuitive interface to enable you to easily control your irrigation system from your smart devices. Whether you're at home, on the road or out on the race course, you can have full access and control of the system – effortlessly and securely.

NSN Connect V2

LYNX SMART MODULE 2-WIRE CONTROL SYSTEM

Innovative technology to provide an irrigation solution that is reliable and efficient. Using a 2-wire path to communicate to buried control units, the system reduces the costs associated with traditional valve wire bundles and provides a solution that is vandal resistant, easy to install and easy to expand.

FEATURES & BENEFITS

- All system components are below ground which helps maintain course aesthetics
- Have the lowest cost system option due to the reduced amount of wire
- Faster 2-way communication and automated diagnostics ensure system integrity
- Have the best-in-class broadband lightning protection
- Expand the system easily by adding modules to the wire path
- Lynx Smart Hub provides additional features and benefits

Toro INFINITY® sprinklers can be ordered with integrated LSM modules.

LYNX® SMART HUB

Lynx Smart Hub field controller adds the security, programmability and sensing capabilities to the benefits and simplicity of the Lynx Smart Module 2-Wire Control System. Available in wall mount and pedestal configurations, it simplifies installation and maintenance by segmenting the system into manageable areas. Provides fast automated diagnostics and creates a connection point for soil, flow and status sensors to empower you to address the unique challenges and changing priorities you face every day.

INFINITY™ SERIES SPRINKLERS

Toro INFINITY Series Sprinklers are designed to save you time and with your track's future in mind, the patented SMART ACCESS design enables you to add new technology for decades to come and provides top accessibility to all critical components including integrated 2-wire module using only a screwdriver. With the industry's largest selection of high performance nozzles and TruJectory adjustment, the INFINITY 35-6/55-6 Series allows you to put water precisely where you want it for maximum distribution uniformity with throw of up to 30.5m.

690 SERIES SPRINKLERS

For over 40 years the 690 Series has set the standard for performance, durability and reliability in gear drives for wider tracks, eliminating the need for equipment on the racing surface. Pressure regulating for even water distribution over large areas with throw of up to 32.9m, the purpose built gear drive mechanism provides durability without heads losing arc alignment. All internal components are serviceable from the top of the sprinkler for time and labour costs savings.

690 Series

VP3 VAC

VP3

VP3 Nozzle

VP3 SERIES SPRINKLERS

Boasting a throw of up to 54m, the piston drive VP3 sprinkler is the ideal solution for watering chutes while keeping equipment off the track, which helps preserve safety and maintain field aesthetics. The unique nozzle design minimises water turbulence, which helps to maintain stream exit speed at the nozzle outlet. Resulting in higher radii at reduced flows. Electric valve in head models feature ON/OFF/Auto control at the rotor, and provide individual management of each rotor to help ensure they perform at their highest level of efficiency.

Toro® Professional Services

National Support Network, Toro® NSN®

Combined with Toro's powerful field control options and unmatched NSN support, you can count on Toro to deliver a total package of irrigation benefits. NSN Connect provides remote irrigation control and easy mobile access - anytime, anywhere. You will have the ability to access activity logs, transfer files and print documents from a remote location. NSN Connect Plus allows remote monitoring and proactive support of your system, exclusive to current NSN subscribers and Lynx Apps enable you to control your irrigation system from your smart devices. Our knowledgeable staff is available to assist you over the phone 24/7, every day of the year for added peace of mind.

Technical Support

Our technical support team is highly skilled at what they do. From helping superintendents commission controllers to troubleshooting complex system issues with consultants, the support team provides years of irrigation experience that you can count on.

Toro Financing Solutions

Whether choosing maintenance equipment or irrigation components for a renovation, your Toro representative has experience and is trained to help you look beyond the simple financing of one item to the next, to looking at your longer-term equipment and economic needs. It's not a one size fits all plan. Looking at the total cost of ownership will help you find the right acquisition solution for your course's specific needs. Toro has partnered with the premier financing companies in the industry to meet your needs.

When We Say Count On It, We Mean It

Every product that carries the Toro® brand is backed by over 100 years of history, innovation and timeless dependability. We never stop investing in research and development to give our customers the latest features. That's why Toro is one of the best-known, most trusted brands in the business. We also stand behind our products with a global network of knowledgeable dealers for parts and service support.

Real People. Real Support.

Smart Features. Proven Dependability.
