

TORO**INTELLIDASH®**

IntelliDash gives managers and turf professionals the ability to control the course based on their day and their priorities. Widgets enable users to monitor turf, irrigation, equipment and personnel right from their desktop or mobile device. The widget assortment can be customized and personalized so users can quickly react to information and events that have the biggest impact on their workday.

FEATURES & BENEFITS

Monitor

■ Irrigation ■ Weather ■ Sensor Data

Keep tabs on your distributed services with real-time information 24/7 and from anywhere.

Connect

■ Schedule ■ Scheduled Assignments ■ Labor Hours

Jump directly to the right application to manage your most pressing needs.

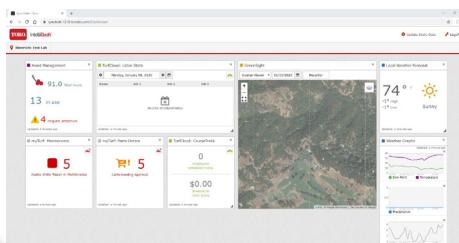

Integrate

■ Labor Management ■ Chemical Management

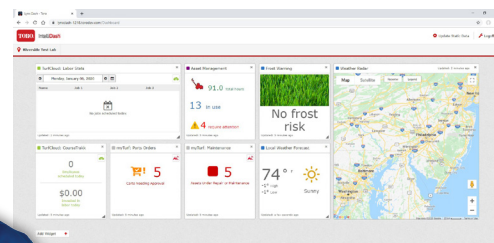

Bring together your favorite Toro and other industry leading applications into one place. Customize what and how you see your data.

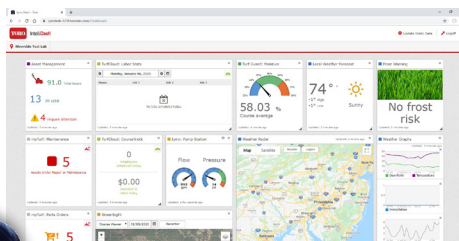

INDIVIDUALIZED INFORMATION TO FIT YOUR COURSE AND YOUR NEEDS. ALL IN ONE PLACE.
