

Application

- For use in nurseries
- Low pressure 'butterfly' type sprinkler with rotating spinner, the economical alternative to the Rotoframe™.
- Manufactured from quality engineering plastics with stainless steel spindle.

Ordering Information

Code	Description
1015192	Butterfly Sprinkler

Specifications

- Inlet: 15 mm MBSP.
- Jet size: 3.1 mm.
- Flows: 4.4 Lpm to 7 Lpm.
- Diameters: 9.8 m to 11 m.

Performance Chart

kPa	Lpm	Dia (m)
100	4.4	9.8
150	5.5	11.0
200	6.4	10.8
250	7.0	10.5

An economical alternative.

Application

- Nurseries
- Market Gardens
- Lower pressure 'butterfly' sprinkler with rotating spinner and frame which provides improved water distribution.
- Die-cast zinc body, stainless steel spindle, plastic spinner and brass nut

Ordering Information

Code	Description
1015190	15 mm BSP Female
1015191	20 mm BSP Female

Specifications

- Inlet: 15 mm FBSP and 20 mm FBSP.
- Jet size: 5 mm
- Flows: 11.8 Lpm to 16.2 Lpm.
- Diameters: 12.2 m to 13.4 m.

Performance Chart

kPa	Lpm	Dia (m)
100	11.8	10.9
150	13.2	11.8
200	14.7	12.0
250	16.2	11.6

Rotating spinner and frame provides improved water distribution.
